

Enhanced Metric Product Range Caters to the Food & Beverage Industry Needs

Climax now provides an extended metric size offering in two-piece and set screw shaft collar styles, with bore sizes up to 150mm. This enhanced stock offering ensures quick access to larger sizes, meeting the needs of the food and beverage industries.

In food processing and bottling applications, processing equipment faces some of the most challenging environmental conditions imaginable. Effective preventative maintenance plays a crucial role in ensuring that production lines operate at peak performance, minimizing downtime and preserving productivity. Shaft collars provide an essential function by locking or spacing components on a shaft. Shaft collars are frequently replaced during maintenance cycles to ensure they maintain their reliable holding power.

Climax Metric Two-Piece Clamping Collars facilitate easy installation and removal, providing access to components on line shafting without the need to dismantle the entire line. Additionally, Climax Set Screw Collars offer a straightforward and cost-effective solution for locating or spacing components on a shaft.

Climax Shaft Collars are manufactured in-house, allowing for a quick turn-around, and limiting downtime in your production process. We carry an extensive inventory of shaft collars, rigid couplings with the capability to engineer custom designs to fit any application challenge. Contact us today to discover how Climax can provide you with a tailored **Engineered Shaft Locking Solution™**.

Bore Size	M2C-Series Clamp Collars	
	Steel-Black Oxide	Stainless Steel
85 mm	M2C-85	M2C-85-S
90 mm	M2C-90	M2C-90-S
100 mm	M2C-100	M2C-100-S
110 mm	M2C-110	M2C-110-S
120 mm	M2C-120	M2C-120-S
125 mm	M2C-125	M2C-125-S
130 mm	M2C-130	M2C-130-S
140 mm	M2C-140	M2C-140-S
150 mm	M2C-150	M2C-150-S

Bore Size	MC-Series Set Screw Collars	
	Steel-Black Oxide	Stainless Steel
